
Instruments & Services Air compressors

SIAD MI compressor equipped with Air Dryers

RECIPROCATING TYPE

- Power : up to 1.500 kW
- Pressure: up to 10 bar (g)

Peculiarities of AIR piston compressors:

- Very good water drainage from the separators
- Possibility to realize coolers in accordance to API 661
- Possibility to customize the design of the unit in accordance to Customer's needs and specifications

Air (page 1 of 2)

Customer : Italy
Installation : Kuwait
Model : TS2-220-C2
Gas : Air
Capacity : 126 m³/h
Inlet pressure : atm
Discharge pressure :
9 bar(g)
Power : 15 kW

Air (page 2 of 2)

Customer :

Italy

Installation : Iran

Model : TS1-075-A3

Gas : Air

Capacity : 65 Nm³/h

Inlet pressure : atm

Discharge pressure :
35 bar(g)

Power : 18 kW
